WELCOME

The 12th International Conference on Fine Particle Magnetism (ICFPM-2025) will take place in Bariloche, Argentina in 2025, October 19-23.

Bariloche is at in the foothills of the Andes by Nahuel Huapi Lake. Its privileged location allows the visitor to enjoy an explosive nature and amazing landscapes.

Additionally, the city is a focus of advanced research in fundamental an applied Science, with the Centro Atómico of Bariloche, of the National Atomic Energy Commission, at its centre.
